

PSHE Rules

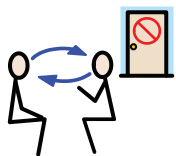

Everyone has the right to be heard and to be respected

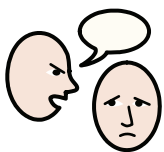

Choose your words carefully and use language that will not offend or upset

Listen to the views of others, and show respect - no put downs

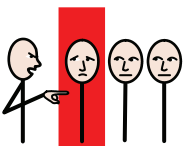

Talk to your teacher at the end if you are worried or to discuss something personal

If you disagree, comment on what was said, not the person who said it

Do not share your own or friends' personal experiences with the group

Don't put anyone on the spot
