

Create a Grid

The  **Create a Grid** button links to a range of pre-made templates. This guide is to introduce the different parts of this editor, once you have chosen any given template.

The Toolbar

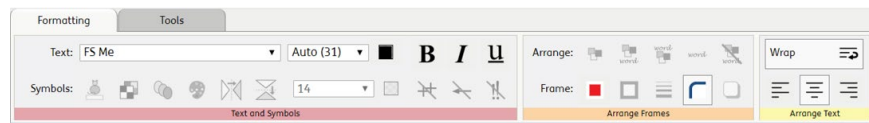

File:

This area is always visible. Use it to **Save** and **Print** your document. You can also access the settings and go back to the **Home Page**.

Formatting Tab:

Format **Text and Symbols**, **Arrange Frames** and **Arrange Text**.

Tools Tab:

Populate Frames, **Select and Copy** items. You can also **Insert Page Numbers** and control **Wordlists**.
