

Make a Chinese Lantern

1

First choose a coloured lantern template.

2

Next cut along the dotted line and put the strip to one side.

3

Then fold along the solid line.

4

1 Once you have folded the paper, cut along the dotted lines.

5

Next unfold and decorate with colours or glitter.

6

After that roll it to connect both ends.

7

Then staple or sellotape the top and the bottom of the lantern.

8

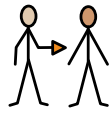

Next bend the strip from earlier to make a handle.

9

Finally staple or sellotape each side of the handle.

10
