

Downloading Resources for Communicate: In Print 2

The Widgit Shop

To purchase resources from the Widgit shop you need to have a customer account. After creating your account you will be able to download the resources you have purchased and install them on your machine for use with Communicate: In Print 2.

Widgit Shop Login Page: http://www.widgit.com/shop/?controller=account_login

Downloading Resources

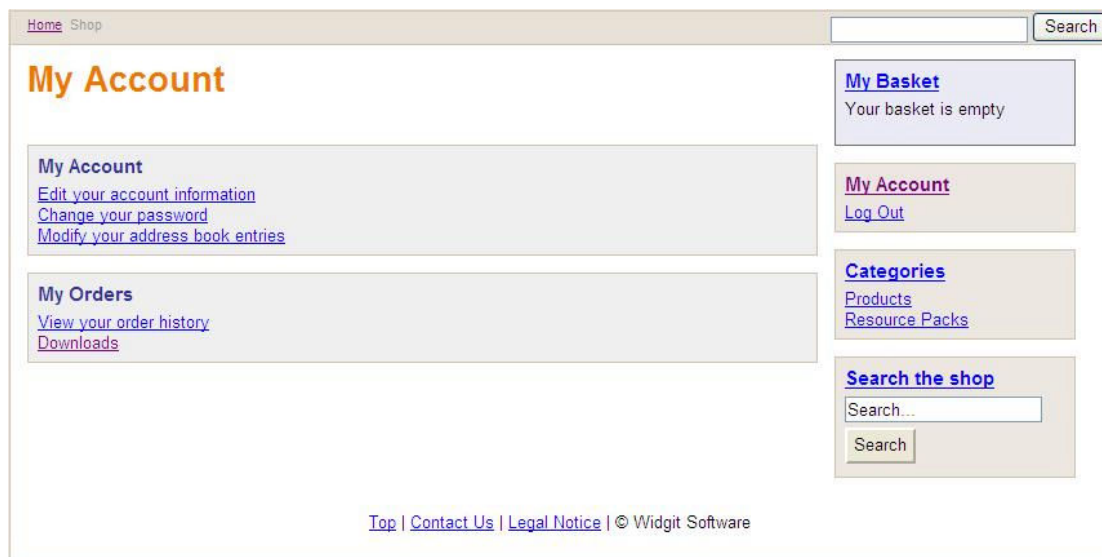

The screenshot shows the 'Account Login' page of the Widgit Shop. The page has a header with the Widgit logo and navigation links for Products, Resources, Support, Events, and Symbols. There are also logos for 'SIP Symbols Inclusion Project', 'Widgit Online', and 'Symbol World & More'. A search bar is located in the top right corner. The main content area is divided into two columns. The left column contains the 'Account Login' section with options for 'New Customer' (with a 'Create an Account' button) and 'Returning Customer' (with fields for 'Email Address' and 'Password', and a 'Login' button). A 'Forgotten Password' link is also present. The right column contains a 'My Basket' section (stating 'Your basket is empty'), a 'My Account' section (with a 'Log In' button), and a 'Categories' section (with links for 'Products' and 'Resource Packs'). At the bottom of the right column is a 'Search the shop' section with a search input field and a 'Search' button. The footer contains links for 'Top', 'Contact Us', 'Legal Notice', and '© Widgit Software'.

To download your resources you must login to your account using your email address and password.

Once logged into your account you will have a number of options. You will be able to edit your account information, change your password and view your order history.

Under the My Orders section click the '**Downloads**' option.

The screenshot shows the 'My Account' page of the Widgit Shop. The page has a header with the Widgit logo and navigation links for Products, Resources, Support, Events, and Symbols. There are also logos for 'SIP Symbols Inclusion Project', 'Widgit Online', and 'Symbol World & More'. A search bar is located in the top right corner. The main content area is divided into two columns. The left column contains the 'My Account' section with links for 'Edit your account information', 'Change your password', and 'Modify your address book entries'. Below this is the 'My Orders' section with links for 'View your order history' and 'Downloads'. The right column contains a 'My Basket' section (stating 'Your basket is empty'), a 'My Account' section (with a 'Log Out' button), and a 'Categories' section (with links for 'Products' and 'Resource Packs'). At the bottom of the right column is a 'Search the shop' section with a search input field and a 'Search' button. The footer contains links for 'Top', 'Contact Us', 'Legal Notice', and '© Widgit Software'.

You will then be able to view all of the products you have available to download.

Search the shop
Search...

Click the download link. A dialog box should appear asking if you would like to 'Run', 'Save' or 'Cancel'.

Click **'Save'**

When you click 'Save', the computer will ask where you would like to save the downloaded file.

It is very important that you save the downloaded file somewhere safe in case you ever need it again. A good idea would be to create a new folder called **'Widgit Downloads'** in your **'My Documents'** folder and save all your Widgit downloads inside it.

Installing Resources

When the file has finished downloading you will then be able to install it for use within Communicate: In Print 2. To do this, double-click on the file, this will start the installation wizard.

Click '**Next**' to install the resources.

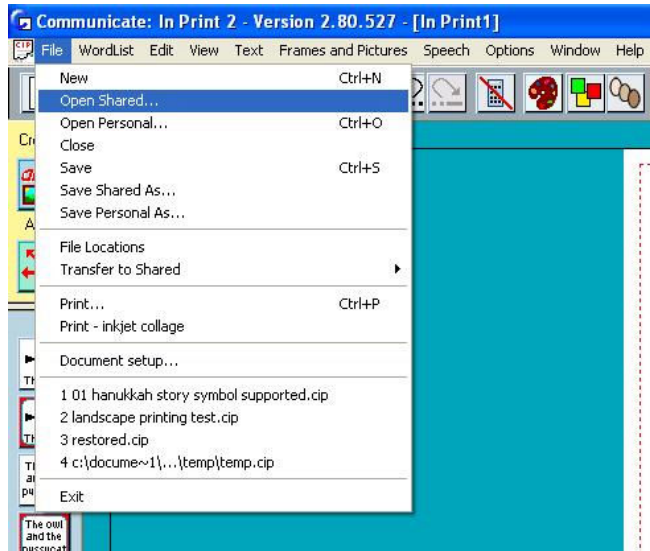

You may see a progress bar as the installation copies files to your machine.

When the installation is complete click '**Finish**' to close the wizard.

Accessing Resources

Once installed you will be able to access the resources through Communicate: In Print 2.

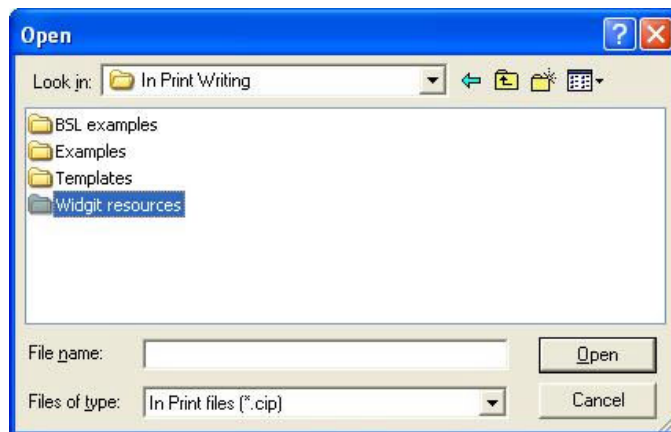

To start using your new resource, open Communicate In Print 2 and select '**Open Shared**' from the '**File**' menu.

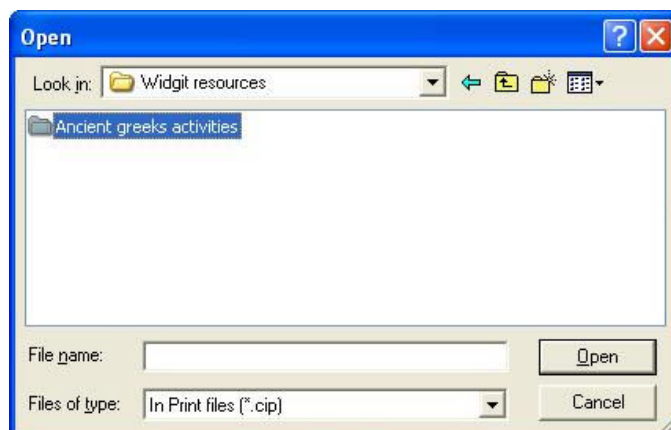

A dialog will appear asking which file you would like to open. It should begin in the 'In Print Writing' folder.

If it does not, you will need to browse to your 'In Print Writing' folder. The default location for this is:

C:\Documents and Settings\All Users\Documents\Widgit\Communicate Files\In Print Writing

Open the '**Widgit Resources**' folder.

The select the folder for the resource you have just installed.
