

Downloading Resources and Installing PDF Resources

The Widgit Shop

To purchase resources from the Widgit shop you need to have a customer account. After creating your account you will be able to download the resources you have purchased and install them on your machine.

Widgit Shop Login Page: http://www.widgit.com/shop/?controller=account_login

Downloading Resources

The screenshot shows the 'Account Login' page on the Widgit website. At the top, there is a navigation bar with icons for Products, Resources, Support, Events, and Credits. Below this, the 'Account Login' section is divided into two columns: 'New Customer' and 'Returning Customer'. The 'New Customer' column has a 'Create an Account' button. The 'Returning Customer' column has input fields for 'Email Address' and 'Password', and a 'Login' button. To the right of the login section, there are three vertical boxes: 'My Basket' (Your basket is empty), 'My Account' (Log In), and 'Categories' (Products, Resource Packs). At the bottom right, there is a 'Search the shop' section with a search input field and a 'Search' button. The footer contains links for 'Top', 'Contact Us', 'Legal Notice', and '© Widgit Software'.

To download your resources you must login to your account using your email address and password.

Once logged into your account you will have a number of options. You will be able to edit your account information, change your password and view your order history.

Under the My Orders section click the '**Downloads**' option.

The screenshot shows the 'My Account' page on the Widgit website. At the top, there is a navigation bar with a search input field and a 'Search' button. Below this, the 'My Account' section is divided into two columns. The left column has two main sections: 'My Account' with links for 'Edit your account information', 'Change your password', and 'Modify your address book entries'; and 'My Orders' with links for 'View your order history' and 'Downloads'. The right column has three vertical boxes: 'My Basket' (Your basket is empty), 'My Account' (Log Out), and 'Categories' (Products, Resource Packs). At the bottom right, there is a 'Search the shop' section with a search input field and a 'Search' button. The footer contains links for 'Top', 'Contact Us', 'Legal Notice', and '© Widgit Software'.

You will then be able to view all of the products you have available to download.

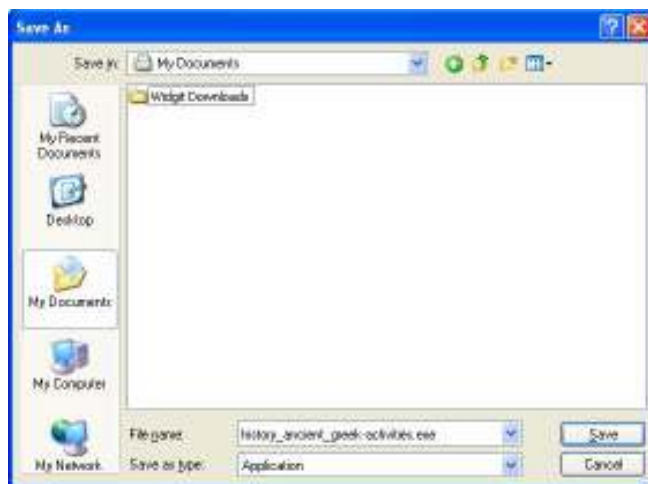

Click the download link. A dialog box should appear asking if you would like to 'Run', 'Save' or 'Cancel'.

Click **'Save'**

When you click 'Save', the computer will ask where you would like to save the downloaded file.

It is very important that you save the downloaded file somewhere safe in case you ever need it again. A good idea would be to create a new folder called **'Widgit Downloads'** in your **'My Documents'** folder and save all your Widgit downloads inside it.

Installing Resources

When the file has finished downloading you will then be able to install. To do this, double-click on the file, this will start the installation wizard.

Click **'Next'**

Choose the components you wish to install and click **'Next'**

Choose the location you wish to install the files to.

Click **'Install'** to begin.

The PDF files will then install to the specified location

To view the files you will need Adobe Acrobat Reader installed.
