

Stay Safe Online

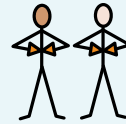

The Digital World

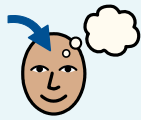

provides great

opportunities

for us

to learn,

discover

and

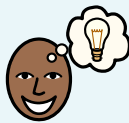

communicate!

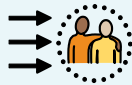

This guidance will help you:

- understand the online safety risks that exist

- learn ways to protect yourself online

- access digital technology successfully,

safely

and

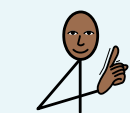

respectfully

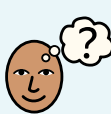

Online Safety Tips

- Only use trusted websites or apps

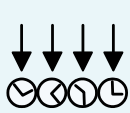

- Avoid accessing unknown links

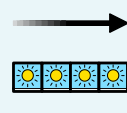

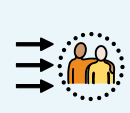

- Only interact online with real life friends and family

- Always behave in a respectful and responsible manner

- Protect your digital footprint - online content can be permanent

- Remember that personal information must be kept private

- Always tell a trusted adult if anything online upsets you
