Did you know?

    
More than half UK adults own a pet.

 **11** ^{000,000} **M**   
There are almost 11 million pet cats in the UK.

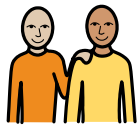

24%    
24% of the UK population have a dog.

Pets

are good

company

for

their owners.

Stroking pets

helps

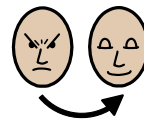

people

feel calm

and

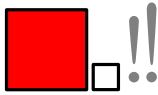

relaxed.

This

has

huge

benefits

for

health

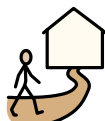

and

well being.

PAT dogs

visit

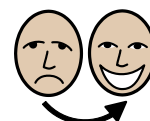

patients in hospital

to

help

them feel better.

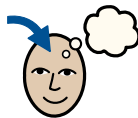

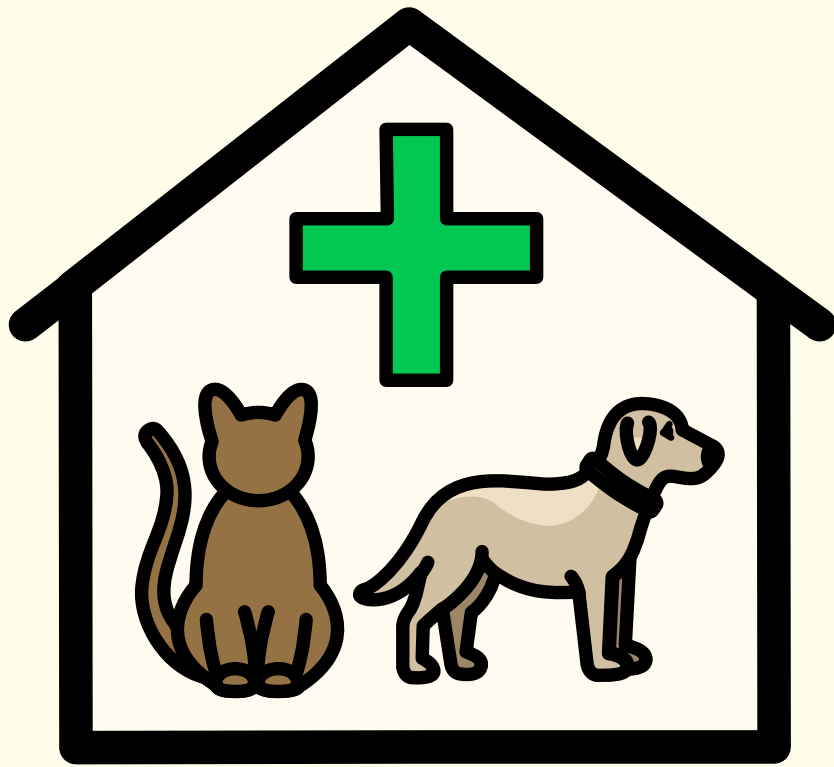

There are many ways to celebrate National Pet Month.

You can give your pet treats and fuss.

You can donate to or volunteer at an animal shelter.

You can fundraise for an animal charity.

You can learn about charities that look after animals.

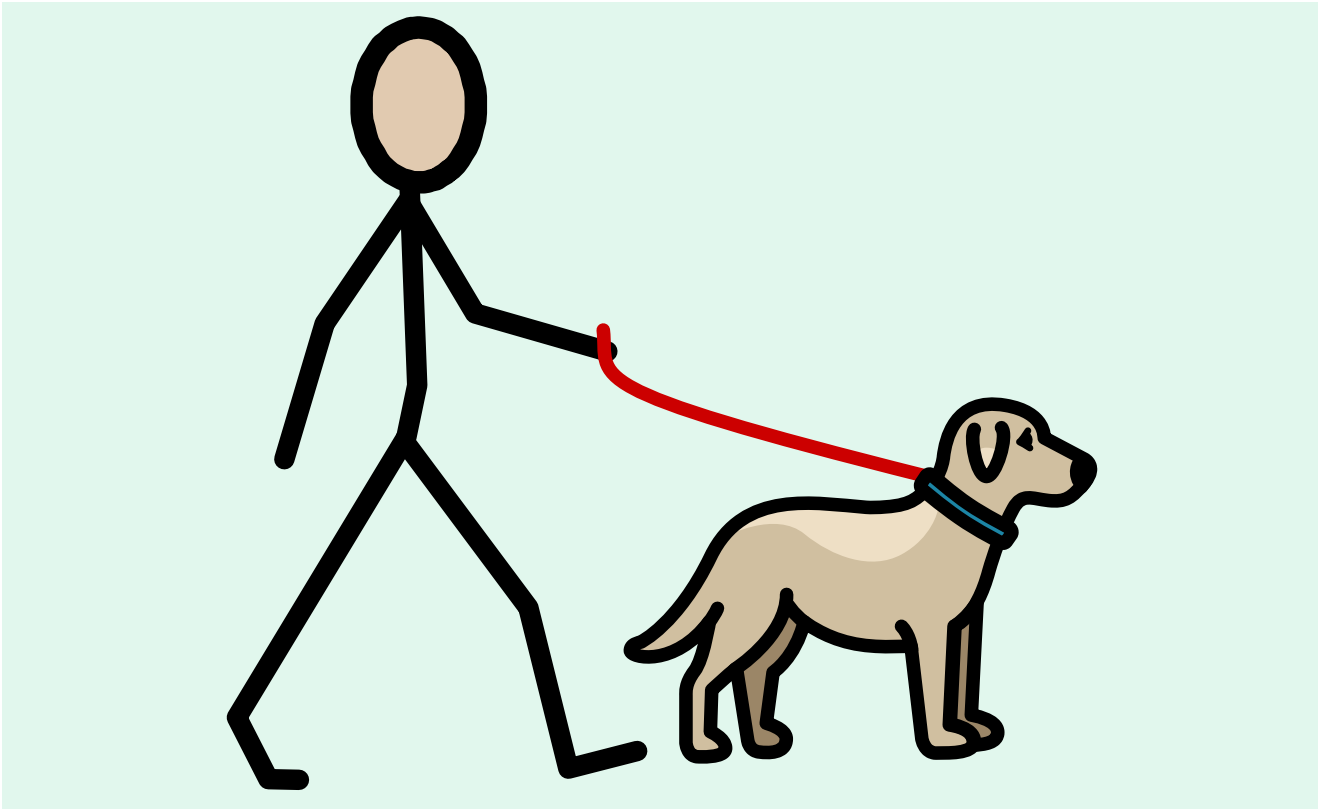

The PDSA have animal hospitals for low income families.

The RSPCA rescues animals who aren't looked after properly.

Blue Cross cares for pets who don't have a home.

Different pets

have

specific

needs.

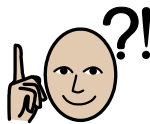

Some

pets

are

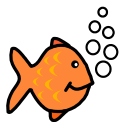

easy

to

look after.

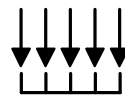

A goldfish

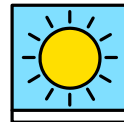

can

be left alone

all

day.

A dog

needs

grooming,

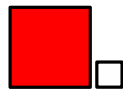

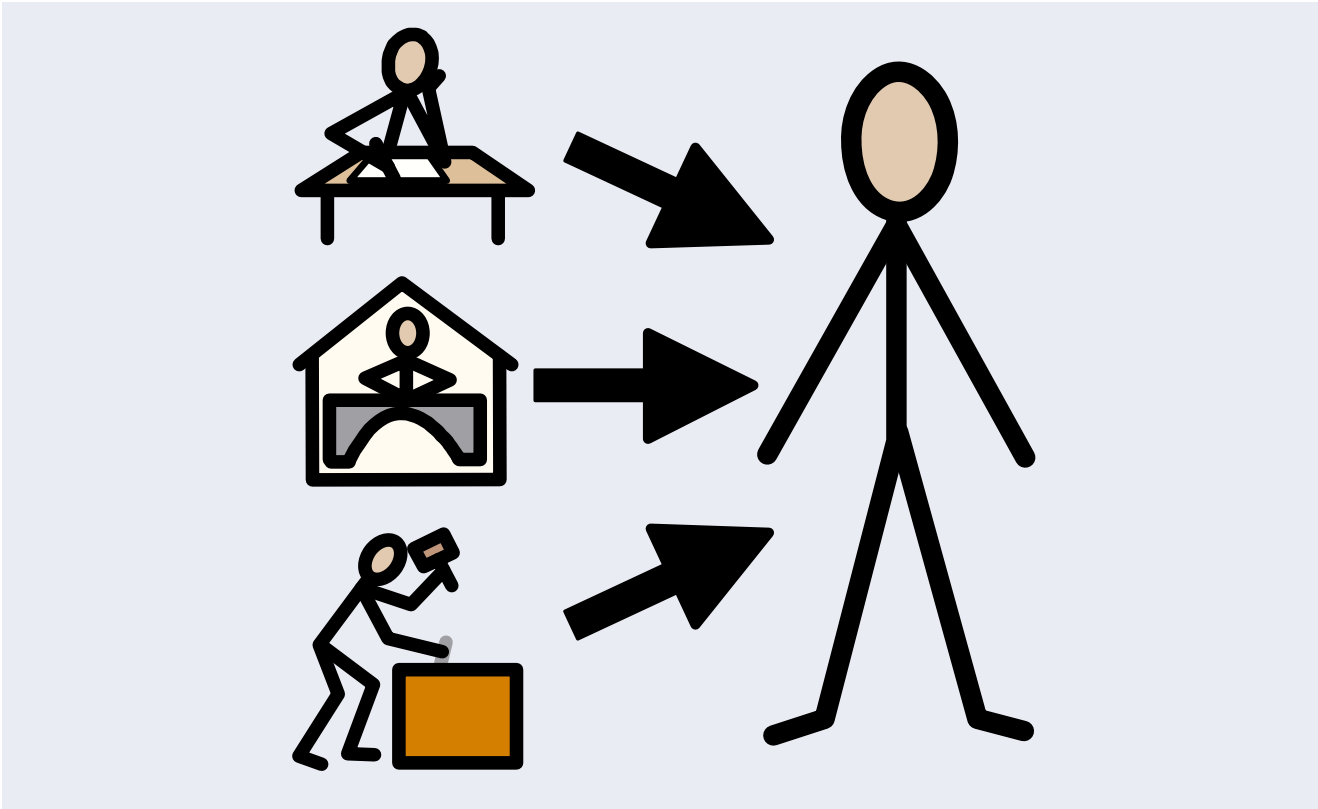

fuss

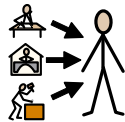

and

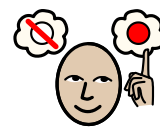

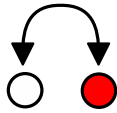

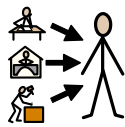

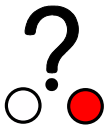

walks.

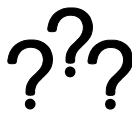

Caring for a pet is a big responsibility.

There are lots of jobs to look after an animal.

Which jobs depends on which pet you choose.

Think about the following questions.

Who

will

feed

your

pet?

Where

will your

pet

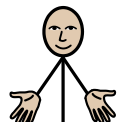

sleep?

Does your

pet

need

a

bed?

Where

will your

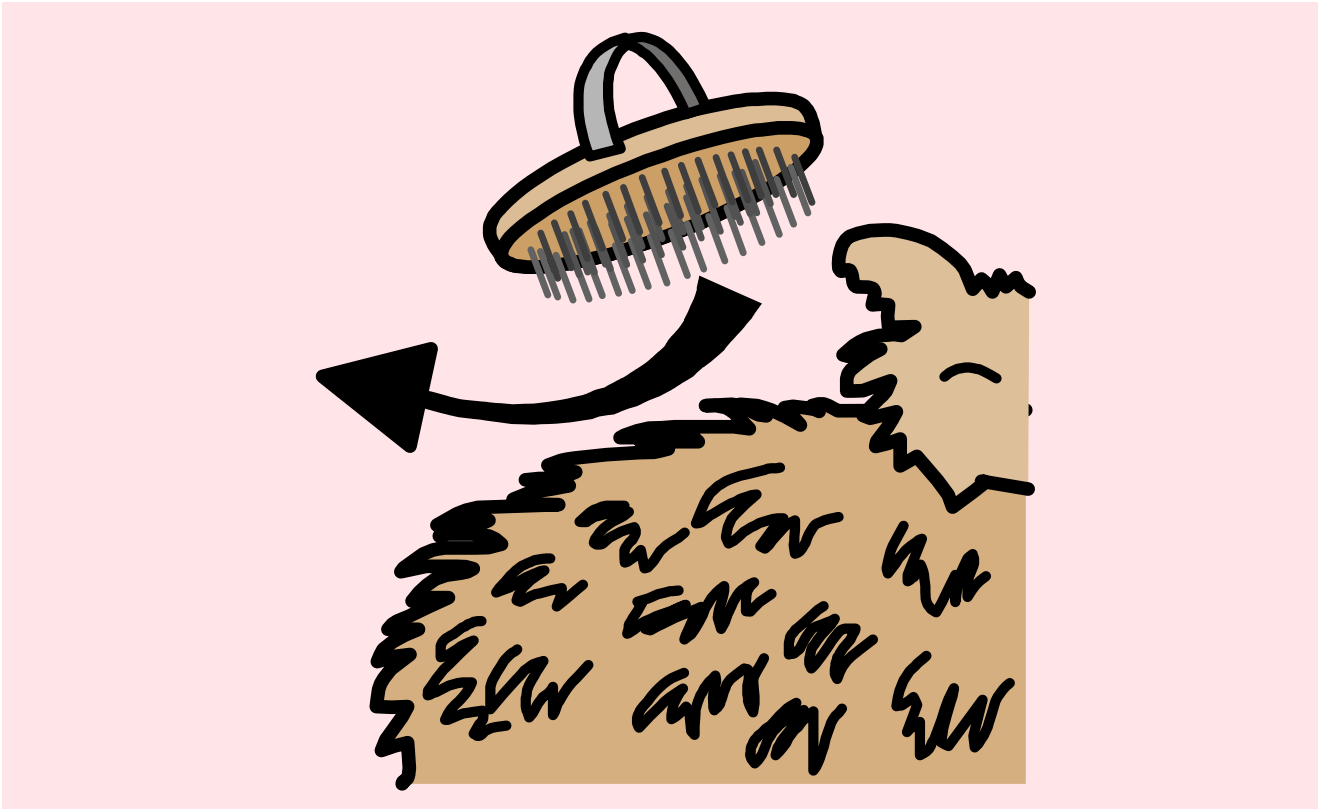

pet

drink

water?

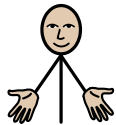

Where will your pet go to the toilet?

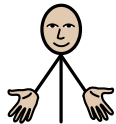

Who will clean up after your pet?

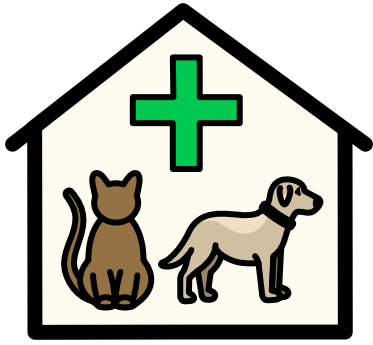

Does your pet need grooming?

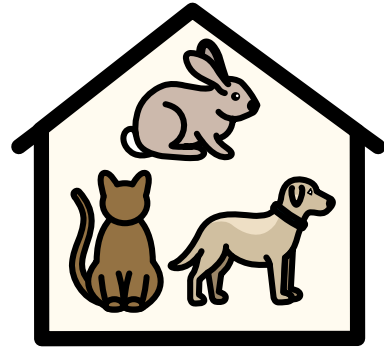

Does your pet need fuss and cuddles?
