

Shelter In Place

Kindly Created by Jeannette Jones from Dove Green Private

School to be edited as required.

Sometimes at school we might hear a loud alert or announcement.

This means it is time to shelter in place.

We will practice this so we know what to do.

We will walk with an adult to a safe zone.

We will sit together.

The adults will stay with us.

We can use calm bodies and quiet voices.

When we hear

an

'all clear'

message,

we will go back

to

class.

We are safe.

Adults are here

to

help us.
