

Winning and Losing

Story to Help

Insert photo of person here

My name is

I can watch

the Women's Euro

2025

2025

with

friends

and

family.

Supporting

the

winning

team

can be

great.

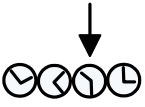

It can

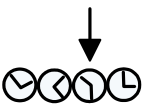

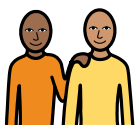

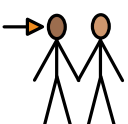

make me feel good.

 Sometimes
  my
  team
  will win.

 This might
  make me
  feel good.

 Sometimes
  my
  friend's
  team
  will win.

 That might
  make them
  feel good.

That would be unfair.

That is fair.

Sometimes

it feels uncomfortable

inside

when my team

loses.

This is an emotion that I am feeling.

I can ask for something that makes me feel better.

I can watch TV

again

when the uncomfortable feeling

has gone.

When someone's team

wins

we could say,

'Well done'

or

'Congratulations!'

This can make people

feel happy.

This is good.

When my team

wins,

they might say

'Congratulations!'

to me.

This might make me happy.

Everyone can learn

to be a

good

sport.

WELL DONE

ME!
