

Bucket Communication Symbols

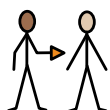

These symbols are designed to help children and young people communicate when they're out trick or treating.

Cut out

the symbols

you'd

like

to

use

and

attach

them

to

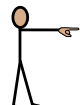

your

bucket.

You can then

point

to

the symbol

to

help communicate

whilst out

trick or treating.

The symbols can also be cut out and attached to recordable AAC talking buttons to support communication on the go.

Happy
Halloween

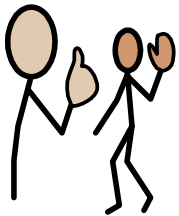

Trick or
Treat

yes

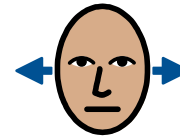

thank you

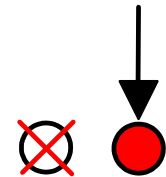

hello

goodbye

no
