Katie and the Aliens 2

 Hello,  my  name is  Katie.

 This  is  my  brother  Daniel   and  my  mum   and Dad.

 Every  night  I  tell  my  brother  stories.

 I  was playing  in  the garden  one  morning.

 I  heard  a big  bang.

 I  ran  to the noise  and  saw  a space ship.

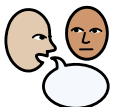

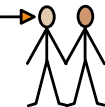

?    
Could it be my friends the aliens?

2    
Two aliens walked out of the space ship.

     
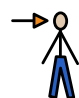

They had a little alien with them.

  
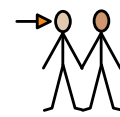

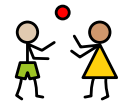

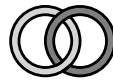

He was their baby.

         
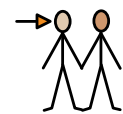

The aliens had brought their baby to meet me and my family.

       
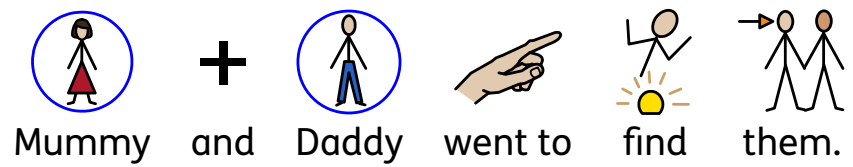

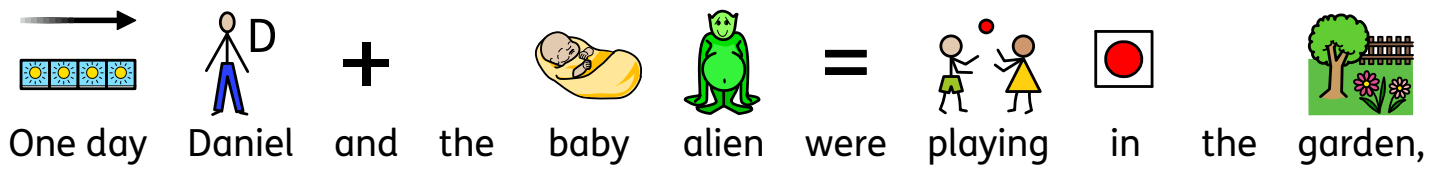

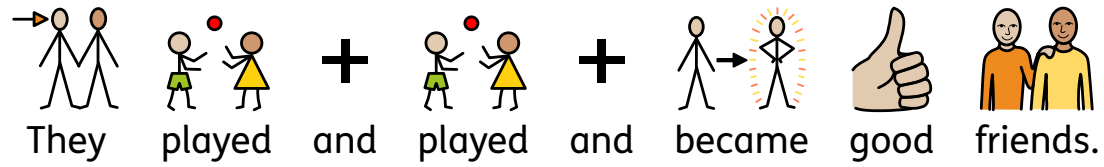

I told my brother to come and meet them.

 He  made  friends  with  the  baby  alien.

 They  talked  and  played  together.

 They  were  happy.

  
They had gone.

   
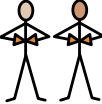

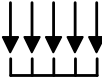

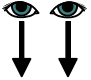

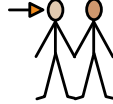

Mummy and Daddy were worried.

   
The two big aliens were worried.

 Where could Daniel and the baby alien be?

 We all went looking for them.

 We saw that the space ship had gone.

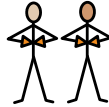

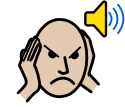

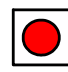

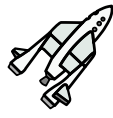

2   
The two big aliens cried.

A long time passed and it was nearly Christmas.

  One day  we  heard  a noise  in  the garden.

 it  was the space ship.

 Daniel  and  the baby  alien  walked  out of  the  space ship.

 They  told  us  lots  of stories  about  their  adventures.

 We  were  all  happy  that  Daniel  and  the  baby  alien  were  safe.

 They  were  too  tired  to  go  on  any  more  journeys.
