# Widgit Online Extras

Save time with Widgit Online's ready-made symbol resource packs available in the **Extras** section of Widgit Online. These packs are developed to suit a range of activities and needs and are available to purchase and add to your account at any time. Some account types come with additional symbol resources already included.
You can also access some example files and purchase the **Dual Language Feature** here.

Where to Access

To find your **Extras** click on the **star** in the main menu:

The Extras Page

All **Extras** that are available to you are listed on this page. See the next page of this guide for more details.

Before You Begin

Please ensure that you have set your billing country (your options will be restricted until you do this – not all resources are available in all countries:

If You Have a Licence Key

If you have a licence key for an extra that you have pre-ordered add this here, and click **Submit:**

Widgit Online Example Files

We have provided some free-of charge example files to help you to get started.

1. **Click** the button to install

Widgit Online Example Files

A collection of great ideas which teachers and parents can use to create their own resources.

This collection includes examples which support the teaching of literacy, language and communication in Key Stage 1 and 2. In addition, there are also examples to reduce anxiety and encourage positive behaviour in school or at home.
