Find the Correct Template

1. Select **Create from a Template.**

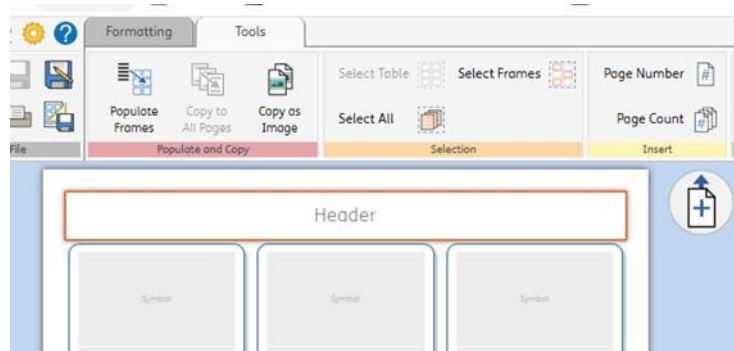

2. In the **Flashcards and Vocabulary** section, choose **Landscape 3 x 2 Flashcards**.

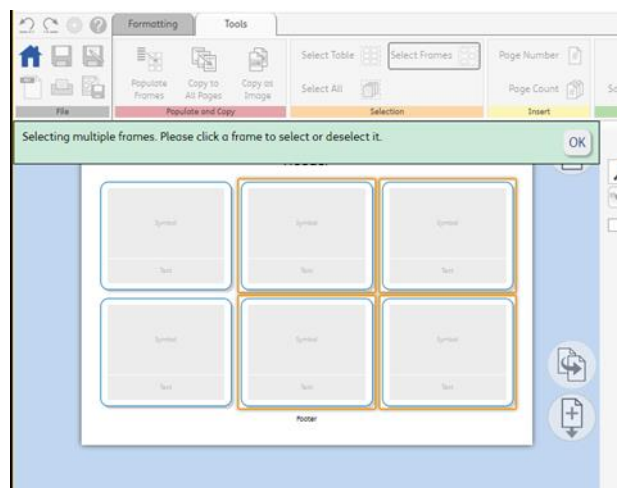

Edit the Document

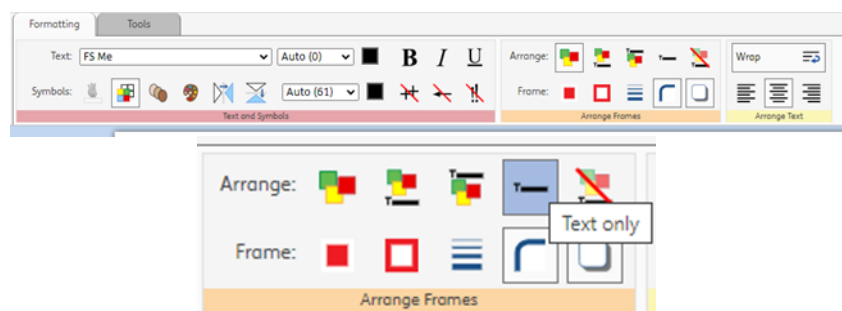

1. In the **Tools** tab, in the **Select** section, choose **Select Frames**.

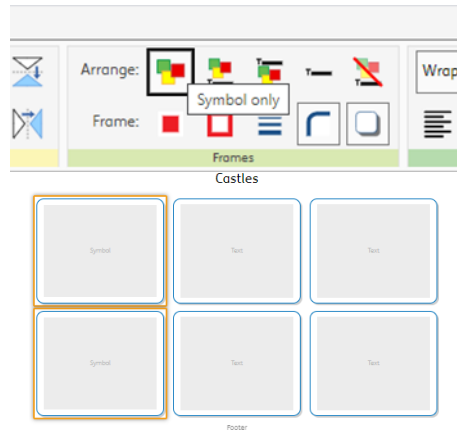

2. Click the 4 frames to select and click **OK**.

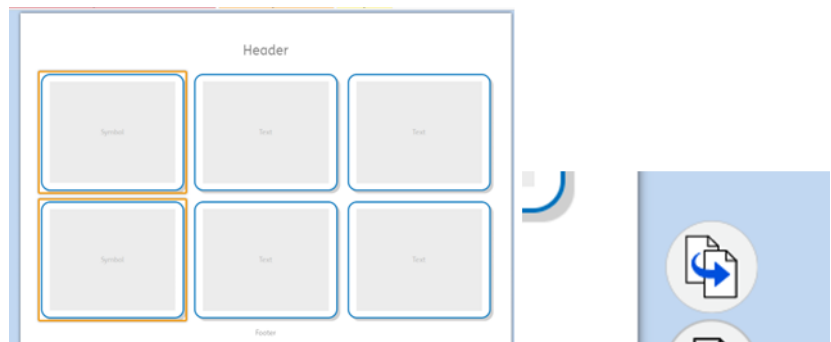

3. In the **Formatting** tab, in the **Arrange Frames** section, select **Text only**.

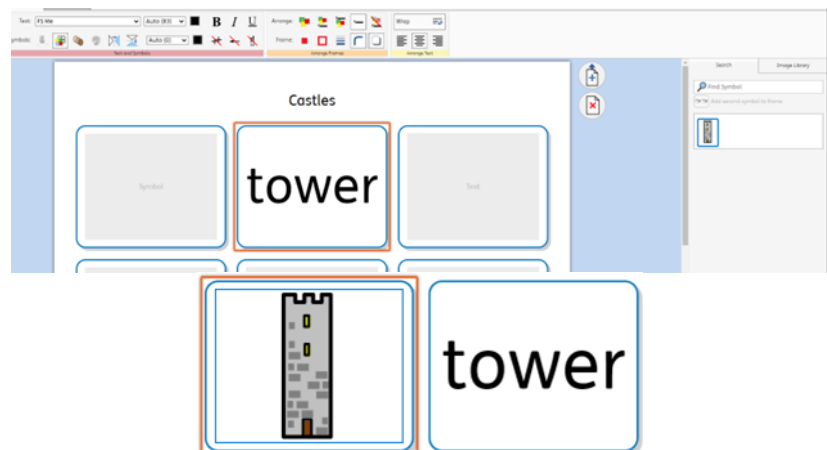

4. Repeat the selection process for the first column. Then for these cells select **Symbol only**.

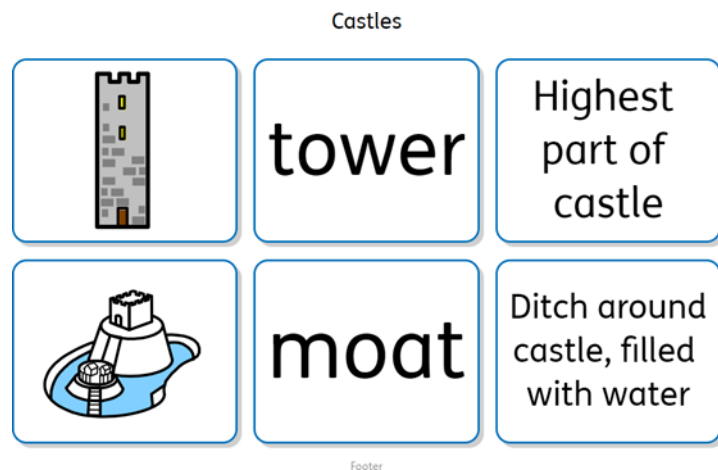

5. You now have **Symbol, Text, Text** formatted cells on each row. Click the **Duplicate** button to make more identical pages.

6. Add a **header** if desired, then **type** your first word in the first text box. You will see the symbol for the word appear on the right. **Click** this symbol and **drag** it into the left-hand cell.

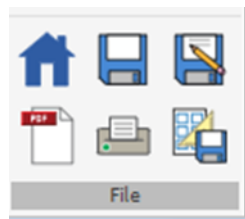

7. **Type** the definition in the right-hand cell. Continue this for all your vocabulary.

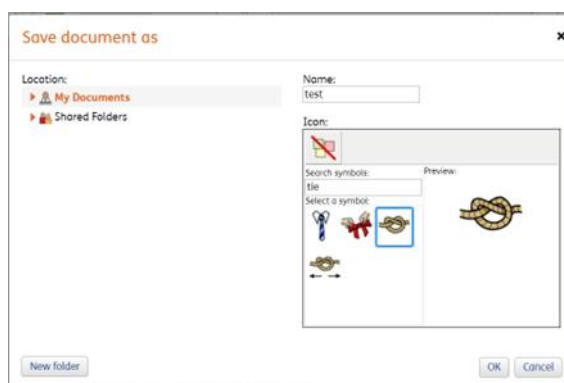

Save and Print the Resource

1. To save the document click on the **Save** icon.

2. Choose the **Location** to save in from the left- hand side. Type a **Filename** in the box, and you can also choose a symbol for the file (optional). Click **OK** to save.

3. To print a document, click the Print as PDF icon. Click **View PDF** on the pop-up window. You can then send to your printer.
