Design personalised symbol materials to print

This resource pack was created using InPrint 3.

With access to over 20,000 Widgit Symbols, 100s of editable templates and a range of powerful design features, InPrint 3 customers can edit and amend all ready made resources, customise symbols and content, as well as create their own visual supports.

Change Skin Tone

Change the skin tones of any symbol to make your materials more personal.

Add Your Own Pictures

Personalise your materials by adding images from your computer or the web.

Change Symbol Colour

Tweak the colour of any Widgit Symbol to make your content more relevant.

Change Symbol Text

Edit the text beneath a symbol to make your content more specific or personal.
