Is

this

magic

or

science?

Upside Down Water Glass

Conclusion

Air

pressure

stop

the water

spilling

Air

around

us

pushes in

all directions

The air

pushes up

from under

the paper

Air

pressure

stops

the water

from pushing

the paper

down.

Safety

warnings

1

Supervise

young children

2

Caution

water

may

spill

InPrint³

Design personalised symbol materials to print

This resource pack was created using InPrint 3.

With access to over 20,000 Widgit Symbols, 100s of editable templates and a range of powerful design features, InPrint 3 customers can edit and amend all ready made resources, customise symbols and content, as well as create their own visual supports.

Change Skin Tone

Change the skin tones of any symbol to make your materials more personal.

Add Your Own Pictures

Personalise your materials by adding images from your computer or the web.

Change Symbol Colour

Tweak the colour of any Widgit Symbol to make your content more relevant.

Change Symbol Text

Edit the text beneath a symbol to make your content more specific or personal.

You have downloaded a PDF of the resources.

Would you like to edit these PDF Resources?

If you subscribe to InPrint 3 (IP3), and download the IP3 version of the resources, you can edit or tailor the content to meet your needs.
